## **Business Cars Limburg taxi services – Our mission**

### **Quality as the goal at Business Cars Limburg in Venlo**

BCL has been a household name for years in northern Limburg and operates high-quality transport and taxi services. Our company has been run by the second generation for the last ten years and is working hard on further professionalism.

By concentrating on the business world in the immediate surroundings and thanks to the proximity of a number of airports, our focus is on Business Class taxi services and airport transfers.

The involvement in our family business ensures that all employees work in an extremely reliable, flexible and above all customer-friendly manner. So a lot of attention is also paid to training and the working conditions of our employees.

### **Doing business with a socially responsible vision.**

For Business Cars Limburg in Venlo, quality, safety and the environment are absolute business priorities for our taxi company.

We regard quality as meeting the client's needs, including all the legal requirements, within a practical and efficient organization backed up by sound processes.

The management of Business Cars Limburg has a pioneering role in promoting quality awareness.

### **The quality of the Business Cars Limburg control room**

To handle transport jobs, BCL has a professional and well equipped taxi control room at its disposal. You always speak to your own contact person, which means that jobs are carried out to your specific needs.

## **Services of Business Cars Limburg**

### **How can we be of service to you?**

Apart from our specialty (transfers to and from airports) we can offer several services. And, of course, we render them all in a customized and professional way.

### **Passenger transport**

With BCL you reach your destination quickly, comfortably and safely. Our vehicles are equipped with all conveniences.

### **Cortège cars**

Need a cortege car for a funeral or cremation? We can deliver clean, dark cars with discreet drivers in dark suits.

### **Patient transport**

Since 1 January there has been no difference any more between patients insured pri-

vately and those under the state scheme. If your insurance gives you the right to taxi transport, you apply for a "vervoersmachtiging" and we ensure that you get to and from hospital in comfort.

Unfortunately, we can carry wheelchairs only in folded condition. We have no wheelchair minibuses.

We are the right place to come for a limousine for executive or VIP transport. You need important guests to be transported or your management wants to make use of particularly comfortable transport.

Our drivers are very experienced and discreet.
